

JPanel

```
graph BT; A[interficie.components.Marcador] --> B[JPanel];
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'JPanel'. Below it is a box labeled 'interficie.components.Marcador'. A blue arrow points from the 'interficie.components.Marcador' box up to the 'JPanel' box, indicating that 'interficie.components.Marcador' inherits from 'JPanel'.

interficie.components.Marcador
